

# Circles of Descent

KATE HARKINS

One more thing:  
I have some time  
and the whole light of the sky  
and love  
the beautiful predator  
circling overhead,  
a natural ambush,

shadow on white  
an arrow, a wing,  
cuneiform heart,  
rolling, rolling,  
no translation possible

just flight's texture  
and strange timing,  
the many circles  
of descent.
